HEALING: Foster the healing process for community members through the access of a wide range of social and financial resources.

STABILITY: Find immediate and long-term housing solutions for residents displaced by the flooding.

ECONOMY: Expedite business recovery and restore long-term economic growth.

REBUILDING: Rebuild Historic Ellicott City with an emphasis on resilient infrastructure through flood mitigation.

PRESERVATION: Preserve Historic Ellicott City's unique and cherished architectural characteristics that have always attracted visitors.

ENVIRONMENT: Pursue and implement projects that ensure the continued vitality of our natural resources in pursuit of a sustainable quality of life.

The Path to Recovery

An instrumental part of the recovery effort involves gathering input from the community. Please see below for how you can participate.

* Completion of the comprehensive Hydrology and Hydraulics Analysis, the Case Study, and the Tiber-Hudson Stream Corridor Assessment, will all assist in determining the feasibility and impact of ideas, both in the Short Term (non-Master Plan) and Master Plan processes.

REBUILDING ELLICOTT CITY:
A RESILIENT COMMUNITY

Long-Term Recovery Organization

rECovery

REBUILDING ELLICOTT CITY:
A RESILIENT COMMUNITY

Early Accomplishments

- Framework/System
- Recovery Manager
- Delineation of roles and responsibilities
- Key lessons learned from other jurisdictions/experts
- Constant presence
- Bipartisanship

rECovery

REBUILDING ELICOTT CITY:
A RESILIENT COMMUNITY

Challenges

- Internal Stakeholder Buy-In
- Implementing process within appropriate timeframe
- Community Advisory Group

rECovery

REBUILDING ELICOTT CITY:
A RESILIENT COMMUNITY

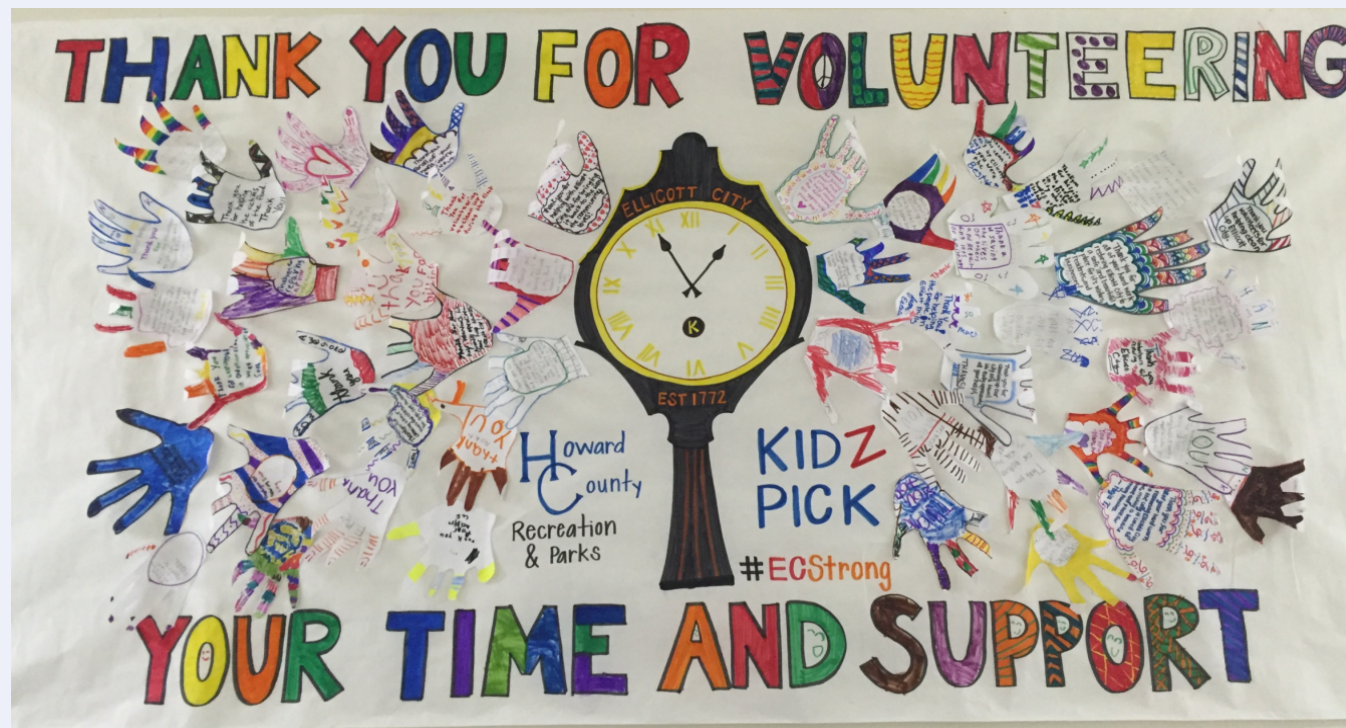

Final Thoughts

- Pre-planning is key
- Strategic Community Engagement is essential
- Don't reinvent, use lessons learned
